

June—Project in a Day Workshops:

*Explore new project ideas and learn new skills
in a hands-on day of 4-H fun!*

Photo: University of California

CONFIDENCE GROWS HERE

Project Objectives:

- To learn about a new project area by participating in the hands-on projects offered at the 4-H Project in a Day workshops.
- To learn goal setting, planning, and record keeping by recording all activities in the 4-H Projects Records.
- To practice personal safety and healthy lifestyle choices by participating in project activities.
- To demonstrate leadership traits by communicating and cooperating in team settings during 4-H Project in a Day activities.
- To develop critical thinking, problem-solving and decision-making skills by completing the project.
- ◆ Finish with a project you can be proud of and enter in the Grant County Fair

Register by calling (541) 575-1911 or e-mailing Christal Culley: christal.culley@oregonstate.edu
